For those curious enough to wonder wtf, but not interested in actually incrementing his counter:

Quote:The Story of this Website:

So, here's the story - I'm 25, and to this date, have never been laid. Yes, it's sad, but it's true. The whole story, however, is far more interesting than just the lack of sex.

When I was 21, I was engaged to be married to a woman I thought I would be with for the rest of my life, and the two of us had chosen to wait until marriage to have sex so we could share something special with each other. But when I was 22, just six months before our wedding, I discovered that she had been cheating on me and sleeping with another man. Needless to say, I

was crushed. For the last 3 years I haven't really been able to bring myself to start dating again as the pain of that betrayal still runs deep inside of me. But as a man, the overwhelming urge to have sex is just starting to get to be too much for me to handle, and so I made a bet with one of my very hot (but also very platonic) female friends - if I can get 5 million visitors to this website in 30 days, she has agreed to help me with my "problem". If I can't get to five million in 30 days, I have to be her personal servant for a week, doing anything she asks me to do.

So this site is my attempt to get to 5 million hits in 30 days. The site started on May 1st, 2006, so I have 19 days left to make the bet, and so far, the total number of visitors is: 2647702

Thanks for your help - please tell a friend about this site and help me finally get laid. Together we can make this happen!

Personally I think he has bigger issues to deal with.

What a loser, lol - its like rubbish celebrities who go on reality TV shows because they are so desperate for attention.

Why would anyone do this? and why would anyone wait until 25 to get laid?

It's probably all just some bs advertising scheme

What if she wants you to be her sex toy for a week? lol...win/win situation there.

Seriously though, sex isn't important enough to do something like this. In my mind, the only thing sex is good for, and should be good for is having kids.

MyPersonalQuoteSex became bad, when it became fun.

I feel sorry for people who "have the need" to have sex that bad, it is quite pitiful.

Sex ain't bad because it's fun. It's an important part of a lovelife. Doing it just for fun ain't my idea of a good sexlife though, I feel there must be love to fully experience and enjoy it.

It is good to leave the virtual world sometime and actually communicate with the opposite sex.

How is having sex for fun bad?

Not going to turn this topic into a religous topic, but...

Biblicle phrase:  
"Be fruitful and multiply"

Not have sex to fullfill the urges you can't control.

Yeah, I believe far from that. In fact, my pastor's wife even said out loud (so I heard from my mom), "I get to have sex with that man!" [speaking of my pastor].

Asuming this was true... and their are probably a lot of casses where it is...

If this guy wins the bet and does have sex, he'll think he is in love with that girl and then she will not want a relationship with him... Basically he will hate sex and not want to do it again because it has confused him.... Sex is lust not love and vicea versa...

He should just go to a brothel in Nevada and get it over with, simply because physically its getting to be a problem.

What we have here is a guy that is in the wrong time... 40-50 years ago he would have done just fine, but in these days of MTV BULLSHIT and gender equality, women have found they want to "fuck around" as well...Damn women...don't trust them they will fool around even after marriage Sure you might meet a truely honest girl but the chances are slim and getting worse every year,

especially in developed countries...

Basically the tables are equal and no one trusts anyone anymore therefore: ONLY DATE FOREIGN WOMEN, OR atleast never get married..

this guys is a genius

You're an idiot. Not that I didn't figure that out 2 years ago, but I would have hoped that you would have progressed from your childish mindset. Alas, that has yet to happen.

If it was true, the guy would have known that it was just a one time thing. Even if he did become "in love" with the girl, he's not going to suddenly hate sex because she doesn't want to be with him. How the Hell do you get that? Just because he's scorn by a woman doesn't mean he's going to hate the pleasurable experience that is sex.

Fucking a prostitute does no better. It just morally degrades you even further.

Humans are sexual beings. The sexual desires of today are the same as 50 years ago. It just has become more acceptable.

Also, it's not that hard to find an innocent and honest girl. You just have to know where to find them.

As for not trusting anyone. You shouldn't get married to someone you can't trust, anyways.
