on non ladder games you can hit F8 and enter Extras in the console...now you can use them with altclicking on the infantry or vehiclechoice in the buymenuue...

(i do this last time 2 years ago...you should look at the renegadewiki for furtheristructions and the extra chars and veh.)

LOL, I see a trend. There is only one way to get mutants in a ladder game. You should search for the answer, it's already been posted.

Dang, I didn't see your link gufu. Nice work, now I don't have to look for it.

Viscroids are an extra.

And no, that plane is not controllable. Renegade's physics engine limits fixed-wing aircraft to scripted roles.

although you can make an almost-half-believable VTOL aircraft if you mess around with the physics a bit... but it's still going to basically be helicopter physics

Visceroids are a crate thing which kills your character and leaves a visceroid blobbing about where you were...
