Not unless you have some secret backup of the n00bstories posts that as it turns out or not saved the way we thought.

Final Renegade = cheats, and you're scum for trying.

Don't try to get unbanned, and don't post when the forums come back. Just...go away.

omg i never cheated in my life, atleast on the pc... on ps2 and stuff i sometimes use action replay and stuff, but that stuff isnt online. it ruins the game for others when people cheat, and i did NOT cheat. is it because i didnt have rengaard at the time? cuz i've been using it ever since. and i'm not scum because i didnt try anything like that, i swear i was just running and shooting with my default soldier and i got kicked... doesnt anyone believe me???

this isnt fair at all... i've never been kicked from any other server, because i DONT CHEAT, i dont know how or why n00bstories thought i was cheating because i was obviously a noob dying 10 times more than i got kills at the time... cmon give me a chance to prove myself, i promise if you

unban me you'll never have any problems with me, i have reinguard now too. the problem isnt me anyways its whatever method your using of finding if people are cheating because i wasnt and the fact that i was banned for nothing and wrongly accused of cheating means you guys must have a pretty crappy detection system or whatever it is... maybe whoever kicked me made a mistake and kicked the wrong person?

First off stop being so ignorant, I'm not the only person that's ever complained about being wrongly accused for doing nothing, I've read posts of others so whatever system or method they use is far from perfect. Second, stop lashing out at me I'm not a bad guy, just someone who wants to have fun and play Renegade. And third, Lijitsu wrote on Wed, 24 May 2006 14:30vtcolin wrote on Wed, 24 May 2006 14:25thanks for helping out... sike

quit being such a hypocrite because if you were as "literate" as you claim yourself to be you would know that "dumbass" isn't a word dumb ass. But who the hell cares about spelling and grammar on forums and stuff as long as it's comprehensible...

Whoever said I didn't know the word didn't exist? I know also, that the words "Ain't" and "Y'all" do not exist. Neither does "Y'know" yet I still use them.
