Idjit, you are not original.

1. This game isn't original, there was a topic on a caption game here some time ago.
2. Quote:\*\*56K WARNING\*\* This title was probably taken from the screenshots topic in the RA : APB forums.

Solution:

Be Original!

Idjit may be an idiot, but I don't think he's as stupid as he would like everyone to believe. He's trying to gain attention and succeeding. He knows he's going to be flamed, cursed at, and told to leave the site/internet. Everybody's predictable enough (including myself) to fall trap to this and proceed to insult him. I highly doubt he created this topic for its "purpose". He never acted/typed this stupid until he became hated for being a cheater. He knows he's hated, and he knows he can easily get a rise out of everybody. I've given him some attention that he's wanted, but maybe we should use n00bstories' actions versus post\*\*\*\*b as an example. We ignore it, and it'll go away.

No, dude. He has been sexually abused by his parents. Then you get this kind of problems. Therapy should help him shut the fuck up.

He will see his behavior and be ashamed of it in time. Then he will grow past these things.
