Use the search button, it's helpful. Nobody wants you to spam shit threads like this on the forums.

Secondly, go to the site, <http://cncreborn.planetcnc.gamespy.com> before you come and screw around over here.

And if you want to bitch with Renardin and the Reborn team members, then why do you care when the mod'll be released? Won't it "suck" no matter how it turns out?

Now shut up.

Do you actually know what goes into making modifications?

Mods take a long time, have patients. Some mods take a month, others take a year. Its all a matter of time. Plus, considering that the Reborn team and the A Path Beyond team merged theve been buisy with other things apart from the mod.

You need to cool down, ive seen you in other topics and you disrespect others that are actually trying to express their opinions.

Btw: check my sig before you go questioning my knowlage in mods.
