Im Still looking for a Name.. So Far we have done the immpostable.. well maybe possable.. but no Modder has done before..Low.. Gravity..Jump Father..But Tank Shells Go slower,and so do speical Projectials.. (Eg, mini Nukes and Ion Bombs)My Buddy Gun Run will be Takeing over the Modding part now.. and i will be doing mostly the Ballanceing and Testing.. Also im Pleased to announce that we Broken the WOL Barrier and this is the Only mod to Work on WOL!! YAY!!!

Saddy.. Yes. Also Eatch Side will Get it's own noob Unit.. AkA Can't Die. Super Strong..But Can take a Huge Bite outta Credits..GDIChicken Has Oblisk and Pistol can't Die at the moment. But the Person who kills it gets alot of points because that person using the Chicken is an asshole.. Cost: 80000NodCommancy (With Music)Basicaly it's Sakuras CHopper with Heavy Chain gun and Sidewider missles.You are givein 500 Points for Killing itCost... Unknown at this time. Since Adjustment of this Unit is Still undergoing.
