This game was great and whoo hooo Italy one it too. France was doing great throughout the game, but the only goal they got was from a penalty kick lol ,and italy scored on a beautiful header from a corner kick.

Zidane was a total idiot to have headbutted the guy in the chest. Like was he not thinking that he could get a red card for that. It has to be one of the funniest things ive ever seen. He must have been kicking himself after he got the redcard lol.

gees dude, I hope you're not the most creative troll we have here.

Try something like, The world cup was ok, but 4 straight Wimbledon titles seems more impressive to me. Sure, anyone can win at soccer with 15 players on the field but tennis is 1 on 1. Although, 4 straight Wimbledon titles may be bogus too, with that stupid artificial turf.

That penalty shot was cold blooded.

Italy lucky? how do u think.They actually scored a real goal unlike France. A penalty kick is all that France could score with, maybe u werent watching but the goal Italy got was beautiful.And they almost did it agian later in the game but France was lucky that their defender got his foot in the way.

Wow a Canadian that thinks he knows anything about soccer.

"Scored a real goal" > how dumb are you? If you don't want the opponent to get a penalty, you shouldn't foul him in the penalty zone. There are no "real" goals, but I don't expect someone who's watching soccer for the first time to understand that...however, stfu.

Zidane's chance in overtime was far greater than Italy's 2nd chance in the 1st half...apart from that

I don't think Italy had a single chance from minute 45 to 120. Arguing that Italy somehow had the upper hand is borderline retarded.

Its 11v11 not 15 players, plus football is not measured on individual ability, its on teamwork, organisation and the ability of the team as a whole.

Saying that, i can't see how you can even compare the 2 sports. Tennis is lame.

Yes, I know. I was trying to be a prick to JohnDoe, because I thought he was just trying to incite a riot. Who knew he actually watched the thing and was just crying out for a hug.  
I also know that Wimbledon is a grass court, and the goal by Italy was picture perfect. I still liked the penalty shot. That cat was cool. A perfect chip shot and a perfect celebration. Score, turn and jog away, not ripping his shirt off or thumbing his nose to the enemy.

Just because Canada didn't qualify doesn't mean that all canadians no jack shit about soccer and the italian goal was alot better then the one that france got, but u are right they shouldnt have fouled the guy in the penalty zone that was their stupidity.But the Italian goal was beautiful and its hard to not score on a penalty.

Keep in mind the only goal the US team got was scored by Italy.  
  
I think it was Craig Ferguson who said the only person who would've fallen from that head butt was an Italian soccer player.

I have to agree with that,even though i picked Italy to win

I picked Italy because my family decided that everone should pick a team, my brother had Brazil, my dad had Germany,my mom had argentina, so i picked Italy at random between it and England. kinda glad i picked italy even though i thought they were going to lose. lol

Just the bottom of it, it said. It's pretty hard to break a gold-plated trophy, let alone a solid gold one which I believe the original World Cup is.
