I was reading your forum, Pirate (yes I'm bored), and I noticed eskamo300 wanted to join PA. Just so you know he was cheating in a server I was in the other day; he was killing everyone with his Repair Gun. He also thought I was cheating after I team-killed him. My advice would to not allow someone so thoroughly retarded into your clan.

o.O do you have any logs or screenshots of this at all? I am sure you are genuine but I have known eskamo for sometime and could do with some proof.

No, sorry. I didn't think much of it at the time since it's not uncommon to see a cheater.

calm down ladys, we have no proof he is a cheeter and no proof that he is not.

my name on renegade is didaloca, i am champion of mpgaming-mission and wouldn't mind joining a clan

when he says he is a champion, he means he ranked in the top 10 for that server in one month (june).

the server he is on about is a death match server

just sayin'

[Slightly off topic]

It's quite a shame
