MythinRon or somthin similar.

He uses stelh skins. I was plain in crazy CTF server and he saw me when I was stelh flying way above the map.

Than he kept killin me in 1 shot frome his laser chaingun.

I tried to get the mods to test him but that kicked me for accusing people.

Was it a normal SBH or was it some soldier with a stealth Script on them? If they had a stealth script and the person doesn't have one of the newer versions of scripts.dll then you won't appear stealth to them.
