Hi,

is it possible to have a server monitor to put into my website ?

if it's possible, please answer me here !

thanks by advance !

because we have a buddy list on renegade,

can we have the buddy list on a website ?

like with Xfire, but without Xfire

!thanks

I don't think its possible to retrieve your buddy list from a website, as for a server monitor, I am working on something that will be an addon to the new version of BRenBot...
