I just HAD to do this...

What are your thoughts of <OOU~C4-Smoke~Master> (aka. c4smoke)?

- (1) Straight up loser, nobody likes him, wish he'd fall off the planet and die painfully
- (2) Don't know the guy - and I'm glad I do not.
- (3) He's cool. I want to be just like him and own 31242141 businesses and quote other players.

[vote = 1 for me]

You know that you can create an actual poll with selectable options, right?

4) I don't know <OOU~C4-Smoke~Master>, and I'm not going to make any suggestive comments regarding him until I do.

Edit:

Hmm, actually, it looks like you can't.

I didnt see any options for a poll so I just threw this up. Feel free to edit my post (to make it an actual poll)

Is this that C4Miner fellow? I remember him trying to sell an e-book on how to properly mine a base.

I don't think any of them really fit his description.

I personally think hes a master alright. A master dodger and master at overrating his own skills. He's actually quite funny to a point, but after that hes downright irritating, just don't let him get to you.

How can you fork so much money out at the internet and believe that it is in no way serious?

If anyone writes a book on how to mine the base it should be me. I'm the only one who knows how to properly mine.

Love that thread and all the people who thought a guy would sell a mining book for 60 bucks.
Even if it is bstorm.
