XWIS says that you have an invalid key. Either you downloaded Renegade illegally off the internet with a key generator, or you mistyped your serial, or XWIS screwed up again.

If you have legally bought Renegade, you have to attempt to get help from XWIS at <http://strike-team.net>

<http://www.renegadeforums.com/index.php?t=msg&th=19368&start=0&rid=735>

Read that thread and download the tool. Use your normal serial with the tool, then try again.
