The following community members have been nominated by at least 2 of their peers to be promoted to Global Moderator for these forums. It is now up to these people to accept their nominations. Remember that except for some circumstances, you will be obligating yourself to visit these forums at least once per day and preferably a lot more often than that. The other details (rules, etc) will be gone over with you privately if you are selected. These members must reply and accept their nomination. A lack of a reply will remove you from consideration.

I gladly accept the nomination. I stayed out of the nomination thread because I felt funny, like I'd be tainting it or swaying things but seeing all those nominations made me feel all warm and fuzzy lol.

Uh...

So yeah I accept.

That's fine actually, because I wouldn't have accepted the nomination (assuming someone else were to nominate me). Thanks anyways, Terminator_101.

I would also actually like to second mrpirate's nomination, pirate's are cool, lol. But seriously despite never saying anything nice to anyone I believe you have decent knowledge of the game and community and are intelligent enough to use any powers appropriately (or else they will surely be removed pretty quick)

Maybe you could make it your mission to make at least one pleasant post a week though?

DarkDemin wrote on Wed, 26 July 2006 09:50J_ball is in NC but I'm sure he accepts. You would assume that, but I don't. The only sections I'd accept a moderator position for are the General Discussion and Politics forums, but warranto posts enough in the Politics forum that it pretty much negates any need for me to moderate. I trust his judgement over mine. If by some twist of fate that people, besides those I know, actually think I'm qualified, I'll accept moderator status in the forums that I noted above.

Well, by posting there, you're reading the replies above yours, so you're still moderating it.

I'll help out moderating that forum, then.

Which in turn, shows hes a trust worthy guy, always willing to help others.

I'm talking about you, letting a clan off FOR CHEATING with more than substantial evidence.

moderate them, so accepted. I know that I'll have to read the "hot politics"-subforum too then, but I
can do that.

Experience: am founder of The KOSs2 forum and obviously admin there. I'm pretty active on here
