I tried that once with the Fox-Hound, but I forgot there was a door, and I didn't hit the brakes in time.

The Stier Castle arch at full speed in the Foxhound is still my favorite move.

What's not to "get" about it? The sheer precision required to fly into the SOLG and take it out in a few hits is awesome enough... couple that with The Unsung War playing in the background and it's truly the best video ever.

Yeah, to those who actually give a damn. I'd be much more inclined to say that a recording of a live performance of Led Zeppelin is the best video ever.

One of the best videos I have seen on the internet was "Blackwing Lair The Movie" by Curse-Gaming. Although about WoW, it is amazing.

I have to agree to that, their newest DVD of them that came out has to be one of the best videos in my collection.
