I was surfing around YouTube and came across a video about an old mod for Renegade that was canceled some time ago. This is a video showing alot of the work they did on this mod. If this was recreated, I would definately play again.

(I posted this in the General Forum because I never venture into the mod forum, and thought it would be better suited in the general forum since it is just a video and not directly associated with modding Renegade since the mod no longer exists.)

Am I going insain or was this just posted the other day?

EDIT:

Yes it was, well 21 days ago. You probably didnt see the topic, no biggie.

It was? If it was, I either did not see it, or am very blind. Other than that, it could have been posted in another forum, but this is the only forum I venture into, so I wouldn't really know.

If it was already posted, I apologize.

It wasn't posted as a topic, it was posted by cmatt as a reply in a topic, so it probably didn't get much attention. Read Oblivions quote a few posts up.
