Hi everybody,

I want have a own FDS server. Only i need a serial. I read a lot of forums but every forum say, your own registration code. But it don't work. And i have tried 0669..... and but that don't work.

Can somebody give me a good serial.

Send me a mail.

rickdoorakkers@hotmail.com

thanks en greetings,
RidoYugo.

Sorry for my English but i have dislectie.

Use your renegade client serial.

To install the FDS use 06690000000000000000

Then goto server.ini and change it to your Renegade serial.

woot why did it work for me? i have a serial that starts with:
0569

and this workds fine, it is not my renegade serial. i even installed with that.

The installer only reads codes starting with 0669, that's the way it's coded but it can be changed to the renegade one in server.ini.
