DX

Anyway to fix that?!

one of your settings is set to a number that is too high

EDIT: <http://aohost.co.uk/php/viewtopic.php?p=7235#7235>

y start 2 topics?

lol, i have also in mine created a bot log that logs the internal variables of the bot in case it crashes. i don't know how to do a crash dump :S

but i can fix any problem i get from that log.
