I have been away from Renegade for several months and found some unfortunate changes. The biggest being the medals. I keep getting booted out every 5 minutes because I don't have any, but how do you get them if you can't finish playing a full game and make leader or get the most kills?

Heh? Find a server which does not require this?

I've never seen anyone been kicked for not having medals. Are you sure that it isn't RenGuard related? I'm 99% sure you're not being kicked for having no medals. Otherwise noone would have been able to play at all.

I think he means people think he cheats because of his lack of medals.

Medals are a CloudyServ thing, they are like recs, but are grouped into k/d, MVP and most kills.

There is no way to get by this, you will have to play on server that don't have fools that kick when you play well.
