That means that we are gonna have a lawsuit against you, Mr. Robert. My client has been experiencing mental damage, we can see it through the eyes for 400 million, or we'll sue you for 800. What's it gonna be?

thanks,

the reason i posted this is because one of my friends(the_one_and_only) has copied 100's of my own sayings, ideas etc and i don't really like it that much. there was also that guy that was coping website designs and ideas (lol, and a grenade) so i wanted to make it clear for me so i don't get into trouble.
