Reinstall?

A SS of that error would've been nice, when Renegade closes, does it pop up a "This program crashed - here's why" type dialog?

You can view your current serial by using this I think:

<http://www.renegadeforums.com/index.php?t=msg&th=19368&start=0&rid=20637>

Use that tool, write down your serial, reinstall.
