can someone help me please. Why is it that people can suspect me from cheating and i am not allowed to suspect them from cheating.

Am i not entitled to my opinions?

It all began when i killed a black hand using my tank. I could see it! They called me cheater and kicked me from noobstories.com

I was furious. I installed this program...played the game and suspected people from cheating to on my basis..just as a form of security.

Then they kicked and banned me.

I believe this server is quite unfriendly while they say its a noob server. Please anyone can help me?

The n00bstories.com server is hosted by n00bstories.com, which is a website that exists to make fun of n00bs (not newbies).

Second, you should post on our forums, not these forums, at <http://www.n00bstories.com/forums/> -- you can register at <http://www.n00bstories.com/register.php> to get a forum account.

Use the link Crimson gave you to register. You have to register from the main page, not the forum.

n00bstories is just a server, not for any particular type of player.
