It just started doing this.

Come's up with blank screen than give's me a error message?

Say's game.exe has incountered an error and need's to close.

It also ask for me to put the into the cd drive

Can you give a screenshot? For now you can play with game2.exe which makes Renegade run without Renguard.

http://www.wisdom-soft.com/products/screenhunter_free.htm

free screenshot program which can be setup to run on any key and save them automatically to a jpg file.

If you have the Direx (Cant spell that) Patch and have Xfire running at the same time, Thats your problem, Just log out of Xfire, That did the trick for me!
