It just started doing this.

Come's up with blank screen than give's me a error message?

Say's game.exe has incountered an error and need's to close.

It also ask for me to put the into the cd drive

Can you give a screenshot? For now you can play with game2.exe which makes Renegade run without Renguard.

http://www.wisdom-soft.com/products/screenhunter\_free.htm

free screenshot program which can be setup to run on any key and save them automatically to a jpg file.
