Congratulations Florida, do to your coaches incessant bitching you now leap-frogged Michigan so now you get to go to the National Championship.

Ohio State is going to rape you six days to Sunday.

Possible definitions from urbandictionary.com:

1. BCS

Logical formula which determines which teams should compete in the NCAA Division I football national championship game.

"Boise State beat Hawaii, so USC must suck!"

"The BCS makes about as much sense a a monkey trying to fuck a football."

2. Short for Body Cavity Search.

Listen officer, I really don't think a BCS is necessary on a speeding ticket!

3. BCS

Black Cock Slut. This is fairly new terminology. Most people still think you're talking about NCAA Football.

That overweight white girl with the big earrings is a BCS.

I'm guessing it's the latter.

To be honest, Michigan didn't deserve the bid, but they sure deserved it more than Florida and USC. The SEC fans are busting a nut over their leap-frogging Michigan. If that PR didn't drop the punt... it could have been a completely different game.

Also, the BCS likes to jump USC's bone or something. How can a team lose to TWO unranked teams and still be ranked #5? I mean, give me a fucking break.

The biggest sports fan I ever knew was a guy I lived with last year. He had failed out of university the year before but was trying to fool his parents into thinking he was still a student. He was trying to fool us (my other house mates and myself), too, but it was pretty obvious. He used to get up at 11 PM (<- not a typo) and stay up all night watching sports highlights and cooking gross, greasy food which he would then leave on the stove top for days at a time. One time he made some fish pasta or something and it smelled so bad (I will let you guess what it smelled like) that I eventually had to physically remove the pot from the house. He also walked two blocks toward campus with my house mate and I under the pretense of going to write a midterm. Then he realized that he

"forgot his pen," so he went back to our house and didn't come back out. His crowning achievement, I think, was the time he ate 10 hot dogs for lunch.

Anyway this guy was a Calgary Flames fan, and he used to wake us all up at night yelling "COME ON IGINLA." When Joe Thorton got traded, he actually started yelling and running around our house. This is why I cannot enjoy sports as entertainment.

Everybody knows that the BCS is a flawed system. But, I don't think that any team who doesn't win their conference deserves to play for the national championship. No disrespect to Michigan, but look at who UF played. Their only loss was to Auburn, who finished 10-2. They beat LSU, who's playing in the Sugar Bowl. They beat Arkansas, who also was 10-2. Not to mention they beat FSU (I know they were down this year, but it was in Tallahassee), Tennessee in Knoxville, Alabama, UK, blah blah blah. UM beat a VERY OVERRATED Notre Dame team, Wisconsin, Penn State, and Iowa. I know they lost only by 3 to Ohio State, but their schedule doesn't merit them a trip to the national championship game.

It's hard to say that Michigan doesn't deserve it because they didn't win their conference when the team that took it was OSU...

Michigan is the second-best team in the nation, and they should be playing Florida. They don't deserve a rematch as they already lost, but compared to everybody else... they deserve it.

Florida's schedule was harder, and they proved powerful this year, but I don't see them putting up as much of a fight against OSU as Michigan would.

Notre Dame had a hard schedule this year. They are overrated, but not by as much as you seem to think.

The BCS system is the reason college football isn't worth following. If the college deans would pull their heads out of their asses and get a playoff system in place it would be worth while.

I still love college football more than professional still, but yeah... the BCS is really fucking over a lot.

If they don't go to a playoff system, at least, they should go to the "plus-one" model. That's a step in the right direction, at least.

I personally think ND is. Look what they did last year, beat only 2 or 3 teams that went to bowl games. This year is a tad bit better. I think that if u bet on football, LSU over ND is the money bet no matter if LSU is picked by 3 or 23.

j_ball, I'm a huge college football fan. I went to Auburn, so trust me I hate the BCS more than most people after what happened in 2004. Are u a UM fan, being that u r from MI?

luv2pb, a playoff would be nice, look at D-1AA and D-2/3 playoffs, they work, but there is too

much money involved for them ever to implement a playoff system in D-1

At any rate, bring on USC.

Double wrong. The last baseball team I played on, we didn't lose a single game through the combined effort of the teammates and me.
