As you know I am running my own small FDS. I am making a mod for it, but there are some problems I need help with. They're listed here:

- Spawn stealth suit on random when sbh get's killed.
- Always spawn laser rifle when sb get's killed.
- Beacons spawn so player's can pick them up after disarming.
- Double health ammount with regular scripts, when player picks up double damage icon.
- C4's spawn on disarm -> like remote c4 get's disarmed -> spawns just like the time an engineer get's killed.
- Crate and pickup ramjet -> 4/32 instead of 1/40.

Can someone please help me fix this, and ooh another thing:
Do I need to change all maps when I want to increase the harvesters driving speed?

- 1) JFW_Spawn_Object_Death_Enable_Random
- 2) JFW_Spawn_Object_Death
- 3) Should be the same as no.2. Put it to a temped beacon object
- 6) Should be same as 3.

I don't know the rest.

4 can use JFW_Grant_Max_Health / JFW_Grant_Max_Armour and 5 should be able to use JFW_Spawn_Object_Death.

To get your ramjet to 4/32 is easy.

Putting a script on it will not get ur 4/32 only editing it will.

Munitions-Weapon-Weapons_Infantry-Weapon_RamjetRifle_Player
high light it click mod Goto Setings CLipSize=4 MaxinventoryRounds=32

That should work if not let me know and i will fix it.
