Thanks to our many fans, Red Alert: A Path Beyond made the TOP 100 list on ModDB. However, the voting has just begun!

In this vote, 4000 mods were eligible for the TOP 100. Now the voting has begun for the TOP 3, and Red Alert: A Path Beyond and CNC Reborn are both in the hunt!

Each person who goes to vote can choose three modifications. We thank you, the fans for your support in this vote so far, and please remember to vote for us again before the polls close January 1st.
