Lol,

Thanks for that,

but I always wanted Seargent, don't know why, lol.

But, back on topic..

If you want a good clan to join, have a visit to www.tsugaming.com - they have 2 clans, (as far as I know..) and they are good ones. And well assembled, and have a strong background, have them a visit, I know they will treat you well, (if you do likewise.)

I'm not one to intentionally publically humiliate someone.....

But basically I'm just sick of the personal embarassment I (and my community) have suffered on their behalf. They claim to have 20+ members but only have like 3 or 4 active members. They run a server where you can play 1v0 ... and they also kick/ban everyone who is better than them (CHEATZ!!1!).

Troopr02 has a little bit of work to do on his attitude and needs to be humbled. 07 is a really cool guy, I've come to find, but he's left the clan because of recent drama. 18 is pretty cool too

(and is the one who pays for everything) but the last I heard he's leaving too. So that would leave 02 and 14 as the only active members. Just not worth it for my community.

If anyone has a clan they're developing and they're serious about making it better ... give me a shout and we'll talk. I am particularly interested in any clans that play more than just Renegade.

Fl00d3d, no offence but your so called "community" is dead to begin with. No active clans (except a 4 man clan called R*R total n00bs, we 0wN3d them in a cw), no active people (except like 5 people on the forums). 07 is gone anyway cuz he now has a full time job, (he won't be playing in jelly no more either), 18 is here to stay so I have no idea where you got from AND, after you brought up the argument "u have 4 members", I showed you WAY more than that over msn, and have plenty SS of them in YOUR TS server. OR, like i have said 5 million times, add trooprm1-18 to your wol buddies list, and if anyone wanted a 18vs18, I WOULD BE ABLE to arrange that

Lol, your clan is probably filled with idiots, people like yourself.

You make fun of fl00d3d? Well, fl00d3d is the only man I have known to put so much work into one community, its not even funny. He's on almost 24/7 online just cause he worries allow about TsU + RenUnderground. And if you would like to have 18+18, 96% of them probably wouldn't know how to put the password in. Which doesn't leave you much against 18 hardcore tsu gamers.

You were proven wrong on your own forums by fl00d3d. And as I know fl00d3d, he doesn't lie.

My question is to you, why do you force everyone to have a name of trooprm1-XX?

Alex, the tag was originally +TRP+, as +ILL+ was out and other simliar clans (i used to be in ILL), and at that time for some reason I took the "+" as a standard. But TRP was already taken, on the WOL clan system to I made it +TRPM+, then put the "square brakets to make it a bit diff. Anyway, we dont wear the tag, as it shows in the names anyway.

Btw, sarge or w/e, 1vs1?

OK, hold on...prepare yourself for a lot of absolutes:

The ONLY people to EVER even register on the forums OR teamspeak (simply register, they didn't even necessarily post or come back a second time) are:

--trooprm01
--trooprm02
--trooprm07
--trooprm14
--trooprm18

There have been many others that have joined teamspeak with trooprm names, but they've either (a) never once registered with teamspeak or the forums -or- (b) never returned a 2nd time. Plus the people listed above are the only people I have ever played with and verified as an actual member. That little fact aside, 01 just came back. 07 quit. 14 was kicked out for mod abuse (and I am suspect of him cheating in your server). And 18 pays for your server but refuses to any longer and intended to quit, but you kicked him out the day before he quit. So that leaves you with 2 active members and how many others that wear the tag but NEVER participate with the clan? It's just sad. Not to mention all of the bullshit that comes out of your mouth on these forums.

As for saying my community is dead you're straight up retarded if you don't look at the statistics. You can see by page visits, file transfers, new registrations, etc. that within the last 6 months we've seen tremendous growth. We've had a couple *hundred* BRAND NEW registrations on the forums just in the last 5 weeks or so. Don't try to turn my decision to remove you from the community on me. You'll just make yourself look like a fool.

One last final comment to you in response to your "you don't have active clans" argument: this community does NOT center its gravity on clans. I refuse to allow that. That is one of the key

components of my unique design for Tsunami Gaming. Clans can request to be a part of our community - but we are a true community centered on ethical gaming - and not just a huge clan that plays many different games. VERY big difference, there.
