Have you edited the vehicle in any way?

Are the skins the correct .dds [EX. dds2/ dds5 or whatever]?

I have no idea just trying to help!

ey blacky, can you upload a sample of a crashing one?

its kind of difficult to come up with a fix if we dont know whats wrong...

I knew a vehicles skin (made all Nod vehicles black) and it crashed the game. Don't know why

though.
