The second mod I do is Under Modified this mod have same efect Canyon Modified. Yes CanyonModified is in Upload to a FTP of File
Planet=====Beta Suscribe: No
aviableDownload Eta: no UploadeTeam: Geo RenegadeSpecial: Same Canyon Modified
1.01=====A special vention are create
about my first mod a veichle command bug if you ar a nod and you command a gdi veichle the gdi
veichle is ennemi This vention is in pahse working.my second mod dont have this Bug But in
my maps series NO OBJECT IS ADDED only the Purchass Terminal are Update in Veichle
Session (Extra Fnkqrrm)=====Soon:
C&C ComplexEtaL No Started=====

Hmmm i have yet to find an use for that 125MB mod of canyon. Who actually uses extras?
anyway, its up to you what you do. but at this rate if my calculational re correc the mod will be over
1.25 GB in size if each mod is 125 MB.argh!, thats us [January 16, 2003, 10:19: Message edited
