I asked Atomic for a 2vs2 after this, him and stonecold (a proven cheater + atmoic is a proven nickname exploiter). Anyway, I told them we would play them IF they ran renguard (they prob have rgh but w/e) So i hosted, kept they serv up for a good 30min...no one showed up...they knew the pass and everything so ATOMIC FTW

Since I heard a lot of excuses on +TRPM+'s end (blaming other people for not showing up, server problems, not having people, dodging, cheating, etc.) then I will do this......

I will host the game - that way neither side has an advantage of any sort, neither side can blame the other, and I can monitor the whole setup. As long as you both agree to the rules, I'll make sure the server is set up properly and that neither team has the slightest advantage. Since trooprm02 said he could play a 18v18 and all [ZT] asked for was a 2v2 -- I dont see any reason why these two shouldn't play.

No dodging, please.

Dude troop you are such a retard i am not a proven nick hacker. Just because you day i am doesn't mean i am. You and Alex can make all the mistakes you want. Ask my cousin dtyler171 if i have brothers i have 3 to be exact so before you go making up stories show us the ss and maybe you can have some thing to brag about.

Are you scared that me and Stone would eat you alive????? Or the fact that you know you would be proven wrong if you said we hacked and we pass the test. I think you are scared of losing tbh. But if you do play us and lose you better stfu and leave everyone alone and maybe leave the renegade community, because all you are doing is giving +trpm+ a bad name. Also making a fool of yourself and friends. You also ask people with good rank to join your clan. Rank isn't everything buddy. So before you accuse people of hacking get proof of it and not saying to ask

other people if you want pictures of my family i can provide them if needed.

So STFU and play us and no excuses if you lose

TPRM clan is an embarassment tbh. Trooprm02 makes TPRM look like shit as it is. Too many excuses and he tends to cry alot about cheaters.

TPRM clan sucks. Dodgers 24/7/365 and retards.

And what fag asks for a clan war on C&C_Sand.mix? OH WAIT THATS TROOPRM02!!!

fl00d3d shouldn't even bother hosting their forums for them, such a gay clan.

Enough dodging. I don't care who accuses who of what ... unless you can post your proof here in this forum (or have someone post their proof) then its 100% rumor. The burden of proof is on the accuser.

Without any proof, a 2v2 challenge stands ... and TRPM is being asked to play with a reputable server admin as witness. If TRPM refuses to play under any circumstance other than posting proof that they're cheaters then this becomes a dodge.

trooprm02, I'm not trying to be a dick - but FFS just play the damn war and do tests before the game starts and any time a player loses connection and rejoins if necessary. In your next post, either accept the war and play it, refuse to play because of proof that you post, or dodge. It's one of those three. No tangents. If you go on a tangent then it will be considered a dodge.

I think this has been settled. TRPM dodged. Trooprm02 was unable to provide proof and did not setup a date/time.

= dodge

No point in arguing with him. He's obviously not reasonable. I acted as a third party and offered a variety of methods to bring this topic to a close and he continues to dodge the clanwar. Therefore TRPM has just officially dodged a clanwar with ZT and this thread can be closed.

Suprised?

Anyway, why should I provide proof? MULTIPLE people at xphaze HAVE ALREADY proven it, so atmoic who did you ask so I can verify? watch him say, "1 f0rg3T". same thing goes for stone, if anyone doesnt belive it, go talk to -BiO-Catfish. Btw, me and 20 were playing in a public server and i was rpaing both atomic's light and stonecold's arty with a med, so im surprised they did rg me, ROFL   And what i saw from them playing in that server, it would be more like a masacre than cw. Like i said, another other ZT guys and u got urself a game

You mean like you dodging a 3v1 request? ROFL, btw I posted a request on your forums for the same thing, lets see you dodge that. Btw, I have NEVER seen a clan dodge a 3vs1, so you just possible could be the clan with the worst players ever

troopm02 u give TRPM a horribly image if u "raped" us then y not 2v2 us lol u can go ahead and give all the BS u want u will understand sooner or later that u and ur clan sucks if u want me to retract my statment play myself and Atomic in a 2v2 simple Fl00d will host and while testing Fl00d will enter game and view the testing as a witness because i think it best we have a third party while testing

Alright, I'm too lazy to read this whole thread, but if anyone thinks bio prooved Stonecold was cheating, that's incorrect, his innocense(sp?) was prooven.

Again, I ask: when you say you raped them, is it like when you said I was "0wn3d" by TRPM in two 1v1's, both of which I won?
