Hello Renegade,

Some of you might have been there, others maybe not. I'm talking about:

[http://www.renegadewiki.com/index.php?title=Main\\_Page](http://www.renegadewiki.com/index.php?title=Main_Page)

As some have seen I have been very active on that site. But it is impossible for 1 person alone to find everything that is known about Renegade. Therefor I ask for your help. Check the site browse trough it and if you find something you say "there is something missing that i know".

Please feel free to add it! (Spamm and other kinds will be removed) And as Crimson quoted: "Do whatever you like. We can't possibly have too much content."

So if you have some time help us around. Members that find info missing in one of my topics will be added to the Wiki help list at.

<http://www.renegadewiki.com/index.php?title=User:Shkkf>

Also I am trying to improve the overall rating of the Wiki. If you have ideas, comments what so ever, please post them here. Anything will do.

Some ex could be:

- More structure in topics
- More info
- Better links
- More diversity

You choose!

Sincerely KF

Sorry for the double post, but this is totally different to the above.

Sorry for the double post, but this is for a different matter,

I am going around from site to site, to ask the members (mods and admins in particular) to fill in this page as they see fit!

<http://www.renegadewiki.com/index.php?title=Ren-archive&action=edit>

(Each server has there own space!)

These topics are specially for the server in question. In here you can set anything from a nice welcome\* to info about your site\*/servers\*.

You can even add in some members names. It doesn't matter aslong as you send the world some info about your site (cuase a mere link can't say anything.NOTE: where there is a \* needs to be as a minimum in the topic.)

I'm terribly sorry, but I myself don't speak English as a first language, but as a therd one. Thus my grammar will be below avarage compared to a real English person.

If you wish to improve the grammar on wiki, you may go ahead.

What is even worse is someone who can't read.

Spelling/Grammar: This is a gaming forum, not literature. Keep the urge to correct to yourself. If it pains you so much to see someone misspell a word, miss a comma, etc., give them lessons in private because we don't want to see it on the forums. However, we would appreciate it if everyone's post was at least legible.

Is your only reason to post to grade his grammar??? I mean do you honestly just go post to post checking spelling?

Why not help with what his question is as well?

I do not mind it that people wish to help me with my grammar non at all... But I do mind a bit if people turn a topic 180°. If one says my spelling is bad, please send a PM to me with my errors and I'll try to remember them for in the future.
