Hey, i downloaded FDS 1.037 and WOLSpy. After i install FDS and have it running, i install WOLSpy, and when i have FDS running and WOLSpy, it has some error...*timed out Hearing back from FDS*

Did i do something wrong, can someone help me to set this stuff up, what else so i have to download. THanks Here's a SS

Check serevr.ini: your port cannot be 0 to use wolspy. Change it to, e.g. 5555 andt hen run the wolspy wizard again.

make sure the settings:

AllowRemoteAdmin = true
RemoteAdminPort = 1234
RemoteAdminPassword = bla
RemoteAdminIP = 127.0.0.1

RemoteAdminPassword = bla <- this needs to be exactly 8 characters long if I'm correct.
