Yes, I know what you were talking about.. Almost noone knew about it before I caught sm0ke with it, and you're not supposed to put the name of it because the administration doesn't want people googling it. Everyone knows what cheat you're talking about when it says that, so please edit out the name or a mod probably will anyways lol

yes i know my brother was caught, i got 2 step brothers, and one of my step bros who uses mirc who is trying to join a clan wont say name beause mario keeps saying he dont want the clan to *crash and burn* because of my brother Jeremy, but truely i think its marios fault personally just to make sure my step bro dont cheat i downloaded him the newest version of Renguard which for some reason i need help on because it keep crashing his game. i blocked the hackings websites using the filter name as "HACKS". and i deleted everything from my comp. MJWannaB3 IS NOT A HACKER! I repeat that, MJWannaB3 is not a hacker, Gimman999 is one which u can mostly see, i dont even play anymore i did the same thing i did to his comp to mine but i mostly play C&C Generals, instead of Renegade. And Mario u dont know much about comps which a 12 yr. old kid is p00ning u in right now, In order for me to change my Static IP Address, Because I have Cable/DSL, i would need to call version and argue why and how i would like my IP to be changed. MJWannaB3 Is my Bros account, which he dont hack, Gimman999 s my account im the youngest Bro, being age 12 im using my bros account because I`m not much of a talker on the forums and he just made this account on here and im posting so he dont get banned from like ever server ever available... cause he really enjoys playing, to be its getting kinda boring, Also Dont Ban Predator16 he is my other bro.

Well peace MaRiO good luck with the clan like ive been saying, but u keep saying im trying to get back in but peace everyone enjoy ur day.

Also May I Please See Proof Of All Of This?????

Edit:

Quote:

Im not sure what he goes by in renegade anymore ,as he has said he will change his ip, ect to avoid bans, and get in a new clan.

yeah he never said he had a brother until he cheated, plus, mjuwannab3 is him, i was talking to him in irc, and i was like stop using different names, he was like i use different names if i want, why does it bother you?

(its because he keeps trying to be a new user, he came to my clan channel and goes whats CTT stand for? ect, asking noob questions.)

As for you giman, I must say, You suck at computers, as i could change my ip right now, at my computer, so shhhh, and also i know much more about computers, anyways stop trying.
