(in before obligatory EA is crap, BHS does nothing and this won't fix anything posts)

Thank you (pl) so much for doing this,  
CarrierII

Am I hallucinating from being horribly sick?!

No?

Sweet.

the renguard-bypass part -of course- wont work anymore since it was specifically for the one-and-only renguard1.031 and the svkp protection.

and afaik the renegade part gets detected as well.

Reguard was working fine the other day now it not.

The RG window shows up on the taskbar but wont show up on the desktop.

The RG window shows up on the taskbar but wont show up on the desktop.

Ah!! Thank you very much.

But when I added the new game.exe the other day, it didnt have that problem, why now?
