Alright since i'm not going to post in other peoples threads and go off topic i'll make a new one. I don't use WOL nor do I use GSA. Just give me a date and a time in either GMT, EST or CST and a map. And we'll take it from there.

I would also like to know how you came to the conclusion that I suck. Have I ever flamed you saying that you suck at renegade? Of all these topics about you have I posted (With the exception of the * vs you thread) anything to flame you? No I do not judge people on hearsay.

Edit : I would just like to add here now that tonight (5/3) is not a good night for me. Its a monday and I have plans, although tomorrow or any other date works for me.

Ive seen a player by the same name as you use on these forums in many diff servers, he was the type of player who thinks rep guns are instant kill. I asummned it was you, corrent me if im wrong. And also, if you dont use WOL or GSA, it means direct connect and no RG? I was gone this weekend, im back and we can set this up for this upcoming weekend

topic about me +1?

You're making a video about me even though I have never played against you. I only play in my own server. You haven't been in my server before so how can you make a video?

You're a very strange kid.
