i got a question i am the server owner of www.duke-gaming.com
and we got a big problem with the guys who using *cheat name removed* 1.3
i dont know any more what we can do against it does any one have a ida please tell me i wanna
have a renegade without cheaters

Maybe some one could set up a chat hook that if *cheat name removed* was typed anywhere in
the message they would be kicked.

so you can go and download it?

its hidden for a reason...

We what to help defend his server.

This is maybe not the right fourm. Ask Crimson for a server owner account. Then talk to other server owners to see what they did at the server owner fourm.
