How do i take the text out of the load screens?

I thought it would be in campaign.ini but i couldnt figure it out.

Jamie

Its probably actually in the strings file (which can be edited in level editor).

I've never been able to edit the strings. How do you do that?

At the top, strings > edit table.

Ya i figured as much and i found the correct string. But where do i go from here? And i am just working in the ALWAYS mod file in LE.

Sorry ahead of time, i suck at LE.

You edit the strings you want, then save the strings table. It should be called strings.tdb somewhere in your mod folder.
