Well i wanted to convert the message from the chat hook from const wchar_t to string so i used
std::string Msg3 = WideCharToChar(Msg);

but everytime I run my server and type something in chat, Msg3 is = "/"

Any help?

works fine for me :/

try

```
char buf[256];  
size_t count = wcstombs(buf, Message, 256);  
buf[count] = '\0';
```

```
string mystring(buf);
```

thnx for the help, turns out i forgot 2 add .c_str on sprintf for my output and i misnamed a varible in find which would lead to the crash
still appreciate the help
