hi,

i just created my own map with Gmax and Renegadetools and i have a package file (.pkg).

i want to play with this map on my renegade server, but wich file must i edit ?

or is it possibl to convert my .pkg into a .mix file ? it will be easier !

thanks for help, and if anyone can, please tell me and i'll add you on msn !

add me if you can please ! thanks you
