Renegade 2 was announced today by EA games. It will take place inbetween the Tiberian Sun and C&C 3 games in order to explain the transition between them more, and explain what happens to the characters from Tiberian Sun.

One of the new units in Renegade 2 is the "Pleco launcher" tank, which launches giant plecos at your enemy. Also, April Fools.

Even though I forgot that it was April 1st, I knew this was some joke. Plus, the "scroll down" was plenty obvious enough to warn me of a hoax.
