hello,,

i 've got a big problem !!
i 've got source code of Black-cell's Death match..
but it must be a scripts.dll + objects.ddb
can plz make the Scripts.dll for me..
add me on MSn iff you want RG-KiWi@live.nl

greetings kiwi

Umm, can you explain better.

if its the source code you got then compile it and there

or redownload ssdm

i've asked on www.black-cell.net for the SSDM..
but they only have a source code that must be complimet to a scripts.dll... But i cant make that..
i am asking here iff someone can make the Scripts.dll out of the
source code i've got..
