hey every1!

i'm running a server, heres the details.

server name: a000Blue

hosted on: Xwis (i keep getting a 404 error whenever i try to dl WOLSPY)

irc:

irc.elitekamikazeteam.com

#DMserver

Site: still working on that

where to download the maps:

DivShare File - DMmaps.zip

the server isnt a 24 hr server i'm running it on my own comp. but when it is up, join in and have fun!

yet another server.

there are other Dm servers that you don't need to download the maps for and are hosted on proper servers.

Maybe you should try out Renegade Ressurrection too. It'd be fun to watch DM in spectator mode.
