GRAMMER NAZI!!!

---

Ok so what do you do in it? I will load it up later!

Dose it use steam, cus I have that.

You can register it with steam, click the "Activate a product with steam.." button at the bottom (have your serial handy) and i predict you could run it with steam.

And if i was a grammar nazi i would have corrected his capitals after commas, commas instead of full stops and 'there' instead of 'their'.

Pretty much, the 'features' are melee and kicking, and duel wielding stuff, so like, double swords.
