I have been banned from Jelly-server(R-A) for absolutely nothing. RAJBrock banned me for not posting a screenshot on these forums. I got 2 head shots sniping with Deadeye and he banned me. It doesn't have a reason why I was banned when I try to get back on. I don't know if he thought I was hacking but I wasn't because I'm connected to the Rengard Network. Please reflect on my part and I would hope to be unbanned as soon as possible.

Thank you,
Josh

Dude, post on their website! Posting here will do virtually nothing for you.

It isn't my decision, but if you refused to take a SS a moderator/admin asked of you, I wouldn't hold your breath.

I don't like jelly-server anyway, they seem to be slowly taking over the first page of my server listings.
