Is there someone that still has a link or a copy of 3ds max 8? I only have 3ds max 9 now, but the w3d exporters and stuff don't work with it. Can someone give me a link or a copy of the trial?

It's the ONLY trial that was for download at autodesk website...I cracked it into the full version, but the exporters for w3d don't work with it, that's why I'm asking for max 8.

No I meant that you were making it sound like max 9 was less impressive compared to max 8.

FTP isn't working, trial version expired and it won't let me register it. Sorry.

If you know of another way i could send it to you.
