"Regarding the the little child trooprm02 post to me, look i have read alot if not all your posts and 1 thing is for sure,I dont know you and from what i can see in this forum, i wouldnt even want to know you, you need a doctor or some kinda help at the very least! #2.)dont make false statments pal you live in canada just like me the difference here is kid you dont wanna start with me, i am not like anyone on these forums in the sence that i can and WILL travel, so if you wanna Talk Big Little kid , then i will make sure you do it to my face as well.and #3) i have talked to a few peeps about you and yes i will agree with them in the fact that i can believe that you are indeed 15-17 and for a kid that age you have alot to learn in life and for you the #1 thing you need to do is :GO GET A Life!!, and #2) shut your pie hole, If you have nothing useful to say then dont say anything at all kid.and #3) if i did anything remotetly close in disrespect like you have in these forums and god only knows where else my parents woulda tanned my ass so good and thats where this ? comes into play:what kinda folks you got there?, I wont go into that further but i am sure some here reading this know what i am getting at about you!, and as for telling me to get the Fluck off these forums , come say it to my face kid! yeah thats what i thought your all mouth, but if i end up driving to meet you lets put it this way pal there will be a nice new video for your so called clan and the company here to watch of you hiding or running like hell i bet. now if anyone needs to get off these forums that really should be you not anyone else kid! NOW DONT YOU GET IT? Your not liked here or from what i have heard and read your not liked anywhere Kid, as for why you havent been kicked and banned from here is beyond me but i will direct this thread to the appropriate direction, Keep this one thing in mind Kid, you have been reported to the R.C.M.P they have a copy of this cuz i get this feeling your not gonna do the right thing and carry on with you childish ways, well i am 1 whom will not take your crap kid! charges and court will follow , note for ya: you arent the 1st person i have had brought into court for such simular affence's. now Take a long walk off a short peer!. also i am not interested in your reply so dont bother unless you give me more for the R.C.M.P and my lawyer, thats up to you dumbbo.and crimson why is this idiot kid not banned from here yet, i think we all on this forum(prolly the entire net) have had enough of this kid. please do something about him for us all. cuz whom ever is responsible for this site might wanna think a little bit harder about what your allowing from this kid and many others from posts i have read. simply put the law is the law.and i dont need harrasment irl nor does anyone else so why is this allowed here on the net. pls dont answer that, i said it for peeps to hopefully catch my drift. and troop this is your official warning from me as per requested via my lawyer. i am done with this now thx all and sorry about this but some of it needed to be said."

^thats mrzapped, who hosted my server for me for a while then stole the hostname and banned me.

EDIT:2 things to keep in mind, this guy is dirt poor, and I mean DIRT poor, so the only "lawyer" he could possibly get is maybe a welfare legal aid lawyer. R.C.M.P=canadian federal police force so apparently SWAT (part of rcmp) is going to come to my house soon and arrest me too

I've joined that before and every time mrzapped kicks me for "cheats detected" or something. never thought I'd take troop's side but for the good of everyone in Canada, mrzapped oughtta hang himself.

By the looks of it, if anyone were to get arrested (clearly not going to happen) it'd be him since he's the one implicating physical threats on you...pretty sad. Anyone who gets that mad about an online forum needs to step outside and take a deep breath and see that there's more than a computer to life.

Mrzapped has a post count of 9 (which means he can not have been harassed to much, or else he doesn't try to defend himself). He is threatening to stalk troopr02 , says he has the money to do it. And is going to send the Canadian swat team after troopr02, for verbal harassment over the internet. Either he lives under a rock and this is his first time on the internet, or he threatens half of everyone on the internet. Now you do know that there is some text on the right side of the screen that says "ignore all messages by this user" if you click this, it hides all messages from the person, it is a lot cheaper than stalking this guy for hurting your feelings.

ROFL, lol some good points. Anyway, not that a belived him for a second but if anything the "physical threats" he said would have been more than anything ive said. This is just one of the funniest things ive heard in a while, and this guy probably cant sleep over this which just adds to the hilarity

P.S: yes that canadian rg server thing, which was actually decent when I set him up with all the files and he seemed nice, right before he tryed to fuck me over so..

I'll even settle for the law firm willing to take this on. Especially with you being the one to utter threats and respond with "illegal" acts of your own.

As for that, that is the stupidest thing I have ever heard, if someone went around stalking me I get the cops after them. If that did not work, 6 gage shot gun + your foot = you won't be making a video of you chasing me around my house (foot because then I could not be jailed for life because I killed you). And one thing to keep in mind; even if I did not do that in reality, troop might.
