i think its not right place for this but anyway (i very need it)...  
ok first go to this link-----> <http://www.megaupload.com/ru/?d=G8LKSOPV>  
after, install Megaupload toolbar (very usefull prog)  
and go to link again,download file, (16mb),open it via DVD-Player and listed song....  
help me find full mp3 of this song pls  
(its not from movie soundtracks...this dvd is pirated copy....song insert randomly....)

It know the guy sings this:  
With the taste of flesh  
Behold the secret of creatures in the depth  
Man turned animal

and then some more stuff. But I know the voice of the guy saying that and it makes me think it's Legion of Doom or From Autumn to Ashes. But a small question. What's the name of the movie?

I'll search some torrent websites for info on this DVD. Mostly people ask for song names and stuff that are randomly added.

Scrin I searched for this DVD on all torrent websites but there are more than a hundred versions of it and all in the same file size. A small question to help this:  
-In what language is the DVD?  
-Does it contain every subtitle that should be available? (Most people delete the unnescessary subtitles and autiostreams)  
-Does the DVD contain a .nfo file with a groupname like RELOADED?

I find it funny how someone goes through all this trouble just to find a song.

I also tried searching for the movie, and I heard the song, its good, but it doesn't remind me of anything, sorry.

Tried entering as many of the lyrics as you can work out into a search-enabled lyrics site? (For that matter, try several)

I have to say, this song is very elusive. I have never had trouble finding any song through a google lyrics search.

The song would appear to be called "Higher Sexication" but 0 returned results but one song that doesn't match called "Sexication" does exist.

You maybe looking at a snippet that was created specifically for that menu. I have always wanted the song from beetlejuice where he wrecks the car and see's the "Panties Shack", i tracked it down so far that i got to the composer who told me he only made a 30 second clip, it was not a whole song.

Could be possible if I convert it to .bik first and then to a mp3 file by splitting the audio file from the video file.
