So sue me?
I'm simply trying to share a great find with everyone.
I'm almost halfway through the book, and it's a really good book.

I think its the adult version though, theres alot of "snogging" and "shagging" and they get drunk quite a bit >_>

I'm not after suing you, i'm just pointing out it will probably amount to piracy.

I'll be getting this myself soon.

You can get it from any usenet server. You can also get Windows Vista Ultimate, Microsoft Office, etc from any usenet server, that doesn't mean you should post it

I can't wait for the spoilers to start for the new book. I'm evil, but I'm going to get so much enjoyment out of people whining about what happens.

It's fake, according to a number of sites. Just a fan-fiction as I had suspected.

Canadacd wrote on Fri, 18 May 2007 14:40It's fake, according to a number of sites. Just a fan-fiction as I had suspected.

I highly doubt it, Its WAY too good to be fake.
A second opinion is in order.

Look, if it were fan-fiction, it would be VERY noticeable, things that dont go together, probably incorrect grammer, things just would look like a proper Harry Potter Book.

Besides, I posted on the HPANA forums, my post got deleted, and they told me no spoilers. I tried posting again, and the Moderator, dingbat1 PM'ed me telling me that not to spoil it for everyone, if it were fan fiction, i highly doubt that it would have started such an uproar.

To prove I even posted, some other person on the forums posted in their reply "Cheekay77-er... I'm not sure if or how you would have a pirated copy but I think all of us are agreed with no spoilers here. We want to learn all of it when we really get to read it"

http://www.hpana.com/forums/topic_view.cfm?tid=79833&p=99
Im trying to find out how to work their forums, So i can post that PM.
Or maybe, ill just post again, and say similar things.

It's fake, although it meets the criteria of what the new book is supposed to have, it's just a fan-fiction like Canada said. Another security guard I work with had it and told me it was a fake, but he said he didn't care because it was a good read anyway.

you read 400 pages and then quit because you found out it was fake...

Do you still think Santa's real? Your parents need to fill you in.

BTW, the toothe fairy isn't real either. Or the easter bunny. But keep up pretending on santa and the bunny because they get you stuff.
