What is your favorite characters in Renegade from both Nod and GDI? Please tell why you like them.

I like Patch in the GDI side...this German really kicks the ass. His Tiberium Fletchette is SUCH a lethal weapon.

My favorite character from Nod is the Stealth Black Hand...for obvious reasons!

I almost never use characters unless I have to. I'm always in a tank. But otherwise, usually it's either Raveshaw (if my team loses factory/airstrip) or hotwire/Nod technician. Patch is good though.

im almost always a tech/hotwire for a number of reasons and like icedog im always in a tank. If my tank blows up then i can repair others around me. if im near a building going down i can repair it or mine it which ever it needs.

start of every game 99% of the time im mining before getting a tank.

Probably the Technician/Hotwire or the Black Hand Laser Chain Gunner. That guy is badass.

Since i mainly play Renz0r's DM i find the Tiberium Flachette Gun always mows down the enemy.
Hotwire/Nod Technician or Patch/Laser Chaingunner, if i'm not in a vehicle.

All armoured vehicles for me and only occasionally the mammy.
Most times I am an engineer to accompany my vehicle.

Raveshaw, Pic are my most chosen characters.

I also tend to use Tech, Hottie just to repair people and take out buildings.

I rarely use sbh because I see people use it and 10% of the time succeed in big servers.

Well, Patch is such a strong character. The most impressive thing is his weapon, the Tiberium Fletchette.

When it shoots out the tib shards, you can see the green tracer which dramatically improves accuracy during engagements with enemy infantry. Plus, the tiberium shard causes additional damage because it lodges in the enemy infantry.

But the greatest thing about Patch: Killing SBH's!

Never once did an SBH escape me when I was Patch...all you need is to find the SBH and he is a dead man. This makes Patch very deadly in tunnels. The Tiberium shard causes so much damage and creates a trackable green cloud over the SBH that you can easily follow!

A Patch in good hands is a very dangerous GDI infantry. That's why I like him.

the tib damage only last for like 10 damage so...tib sydney's tib gun have more tib damage oh and sometimes tib damage doesn't even come for tib flechette

I like Patch tambien because his gun is sweet. I like the look of it too.

For NOD it would have to be the laser chaingunner because his gun is SUPER effective against tanks, yet he is one of the most unused characters along with patch.

Laser gunner, or Technician/Hotwire.

When Im GDI, I never buy anything other then Hotties, Unless they have no HON, then its time to 1000 Snipe for free one shot kills.
