Hey all

I tried playing renegade with renguard invalid serial number. uninstall renegade reinstall renegade without renguard. tried logging in what do you know it worked. installed renguard again tried accessing multiplayer invalid serial number, what gives.

tried that serial number changer download still not working. could someone please tell me y the hell renguard is screwing me over

That tool doesn't work.

I also don't see how RenGuard could cause XWIS to think your serial is invalid.
